MAGNETIC WIRELESS CHARGER MB1/MW1

Magnetic Inductive Charging Pad

Technical details

Colour:	Black White
Material:	Aluminum housing with tempered glass surface
Output:	5W 7,5W 10W 15W (depending on the device being charged)
Qi-Version:	Version 1.2.4
Frequenzy band:	110-205 kHz
Max. radiated transmitting power:	15 watt
Current consumption: (compatible power supplies)	9V-2A, 12V-1.5A, PD 3.0, QC 3.0 quick charge power supply
Properties:	MagSafe™ compatible*, automatic magnetic fixation, high-end design, charge while use, integrated USB-C cable, overvoltage protection, over-heat protection, foreign object detection
Accessories:	Power Delivery Adapter (30W)
Dimensions:	Diameter: 58 mm Height: 6,8 mm
Weight:	~65 g (incl. cable)
Packaging unit:	2 pieces
